

SCOTT COUNTY HEALTH DEPARTMENT

The Scott County Health Department was formed in 1969 and is governed by the Scott County Board of Health. The Scott County Health Department works everyday to prevent disease and injury, protect people from threats to their health and the health of the community, as well as promotes healthy environments and behaviors. In Scott County, this important work is provided by a team of committed individuals that together provide the Ten Essential Public Health Services

- 1 Monitor health status
- 2 Diagnose/Investigate health problems & hazards
- 3 Evaluate effectiveness, accessibility & quality
- 4 Develop policies & plans
- 5 Enforce laws and regulations
- 6 Research for new insights & innovative solutions
- 7 Link people to needed personal health services
- 8 Assure a competent public & personal health workforce
- 9 Inform, educate, & empower people about health issues
- 10 Mobilize community partnerships

OUR VISION

As recognized and respected leaders in serving and protecting our citizens, we at the Scott County Health Department are committed to a safer, healthier community & environment. In so doing, we provide a multitude of services with Professionalism, Responsiveness, Involvement, Dedication and Excellence.

OUR MISSION

The Scott County Health Department is committed to promoting, protecting, and preserving the health of the community by providing leadership and direction as advocates for the individual, the family, the community & the environment we serve.

Public Health
Prevent. Promote. Protect.

The Scott County Health Department provides services regardless of race, creed, color, age, sexual orientation, disability or financial status.
