### Topic: 2017 EMS National Registry Mandatory Refresher Program

**Intended Audience:** EMS Providers of all levels and Nurses in Emergency & Critical Care areas

The EMS Refresher Course is designed to provide current information helpful in providing quality patient care in the emergency medical service setting.

The content of the course is based on the Paramedic National Continued Competency Program (NCCP) that requires a total of 60 hours of continuing education to recertify. The model contains three components, or ‘buckets’: a national component, a local or state component, and an individual component. The national competency component requires all Paramedics to obtain 30 hours of continuing education. The topic areas for the national component is published by the NREMT every four years. The most recent revision of the National Component was published in October 2016.
